

PANTAFlix AG: Inclusion in Deutsche Börse's new Scale 30 index

Munich, 15 February 2018 – Based on its order book turnover on Xetra and in Frankfurt, PANTAFlix AG (XETRA: PAL, ISIN: DE000A12UPJ7) has qualified for the inclusion in Deutsche Börse's recently created Scale 30 index. Previously, PANTAFlix had already been a founding member of the segment for small and medium-sized enterprises (SMEs) on 17 March 2017, which has since demonstrated an above-average performance.

The Scale 30 index maps the price performance of the 30 most liquid shares in the Scale segment in real time and as of immediately is available in both a price and a performance version (ISIN: DE000A2J0PW5/DE000A2GYJT2). Weightings within the index are based on market capitalization and will be adjusted accordingly each quarter.

As Scale 30 members, fast-growing companies like PANTAFlix will be able to benefit from increased prominence among domestic and foreign investors. "I am very pleased about our inclusion in Deutsche Börse's newest selection index. Thanks to our fantastic business development, we have significantly raised our profile among investors in the past year. As a result, we are already among the ten highest-turnover companies in the segment. Scale 30 will undoubtedly enable us to increase further in these respects," comments Dan Maag, CEO of PANTAFlix AG.
